

Spray Application Workshop

National Vegetable
Extension Network

T A S M A N I A

Partnering with Syngenta and the Tasmanian Institute of Agriculture, VegNET Tasmania is delivering a spray application workshop for vegetable growers, spray operators and advisors.

Presented by Scott Mathew, Senior Solutions Development Lead with Syngenta Australia, the workshop will include:

- Field demonstrations of equipment and results using ultra violet (UV) dye to assess spray coverage
- Technical presentations and Q&A session over a free BBQ tea.

The workshop is free for vegetable levy paying growers and people working in the vegetable industry. Please RSVP to Emma Egan (VegNET) by Friday 9th of March.

Date: Tuesday 13 March 2018

Time: 5.00pm - 7.30pm
with free BBQ tea & refreshments

Location: **Forthside Research Facility**
124 Forthside Road, Forthside TAS

RSVP: Emma Egan
