

Churchill Fellowships

Learn globally, inspire locally.

A Churchill Fellowship offers Australians a life-changing opportunity to travel overseas for four to eight weeks to learn more about a topic or issue that they are passionate about. As an internationally recognised award, recipients gain access to expertise from around the world.

Applicants are empowered to design their own projects to explore international best practice and innovation that can be applied in Australia.

There is a high level of visibility and credibility associated with being a Churchill Fellow and a responsibility to share the knowledge and skills gained overseas with the Australian community.

It is a competitive process, with more than 100 Churchill Fellowships awarded around Australia every year.
