

WORKSHOP

Vegetable and melon pest and disease masterclass - Mildura, VIC

Thursday 7
April 2022
1 - 4 pm

AUSVEG, Melons Australia, DAF QLD & AgVic invite you to a pest and disease masterclass!

Come along to a pest and disease recognition and management training session. A team of scientific experts and industry advisors will run an in-depth session on pests and diseases affecting **vegetables** and **melons**.

You will have the opportunity to learn about significant threats to your industry and conduct hands on learning with a range of common diseases for the region.

- **Disease experts:** Cherie Gambley (DAF, QLD), Cliff Kinoti (AgVic), Len Tesoriero (Crop Doc Consulting).
- **Pest expert:** Callum Fletcher (AUSVEG).

Location: Gol Gol Hotel -
Sturt Highway, Gol Gol, NSW

Date: 7 April 2022

Time: 1 - 4 pm

RSVP: Preferably RSVP by Monday 4 April 2022 to **Danielle Park** (VegNET RDO) on **0432 324 822** or email science@ausveg.com.au.

Note: A catered lunch will be provided and there will be an opportunity to stay around & socialise with the experts and attendees at the end of the session. Please let us know if you have any dietary requirements.
