National Lean Leaders Program

How to Lead & Sustain Continuous Improvement
in your Workplace

5th National Program Commencing (Online)

Friday April 21st 2023

Register your interest now!

"The Lean Leaders program has been great for our senior managers. The process has empowered them to lead with strategy and purpose, but also to share their new learning and enthusiasm with the team. Lean Leaders was a breath of fresh air and we hope to see the long term benefits of the program for years to come"

Hugo Struss, General Manager, Tinamba Turf, Qld.

This Moshie Leadership Development program is ideally suited to current and emerging business leaders. Covering a range of topics to drive your business improvement

- Combining LEAN & Continuous Improvement with modern Leadership principles to drive efficiency
- Using simple but effective tools to reduce waste with measurable Return on Investment
- How to improve process control, quality, reduce costs and increase customer satisfaction
- Reducing the impacts of labour shortages by boosting productivity in individuals and teams
- Improving your organisational supply chain, across all departments, from suppliers to customers
- The importance of utilising simple performance data to drive better business decision making

"Lean Leaders enabled key Alpine Nurseries personnel to adapt and thrive from change. Anyone looking to challenge the status quo and drive business improvement should talk to Moshie"

Ken Bevan, General Manager, Alpine Nurseries, NSW

"I highly recommend the Moshie LEAN Leaders Program. I found it massively beneficial for myself and my business"

Carl Soderlund, Owner, Botanix Plant Supply, Vic.
