

## Agronomist Networking Breakfast

Staying ahead of safe & sustainable crop protection

*Join us for an interactive session designed to keep growers, agronomists, and industry stakeholders up to date with the latest developments in agrichemical use, regulation, and best practice.*

**Date: 19<sup>th</sup> November 2025**

**Time: 7:00am-10:00am**

**Location: Burnett Riverside, 7 Quay St, Bundaberg Central 4670**

**Why attend?**

- ✓ Stay informed on regulatory changes
- ✓ Learn about new tools and options for effective crop protection
- ✓ Get clarity on permits and how to access them
- ✓ Strengthen biosecurity on your farm

**Register**

**More info: Jessy Logan**

**M: 0407 366 797**

**E: [vegnet@bfvg.com.au](mailto:vegnet@bfvg.com.au)**

**What's covered:**

- Upcoming Chemical Reviews & New Chemistries – Updates on products under review and the shift toward safer, more sustainable alternatives.
- Emergency & Minor Use Permits – How they work, when they apply, and what they mean for crop protection strategies.
- Biosecurity in Practice – Practical steps to reduce risks, plus the launch of the Healthy Farms Biosecurity Guide.
- Priority Pests Feedback Session – Have your say on shortlisted pests and discuss management options.
- Practical record keeping to meet WHS and QA requirements

This project has been funded by Hort Innovation using the vegetable research and development levy and funds from the Australian Government. For more information on the fund and strategic levy investment visit [horticulture.com.au](http://horticulture.com.au)
